

## **POSITIVE COVID 19 CASE IN THE NORTHERN HEALTH REGION – OCTOBER 19, 2020**

Provincial Public Health officials have advised us of a reported exposure of a positive case of COVID-19 The Pas/OCN/R.M. of Kelsey District of the Northern Health Region. The Public Health nurses and staff are already conducting extensive contact tracing and monitoring.

The **R.M. of Kelsey** is working closely with the Northern Health Region and appropriate community partners to ensure we are all working to contain this event. The **Reeve** and Council would like to remind residents to continue to practice the fundamentals to keep COVID-19 at bay in the North — stay home when you are sick, wash your hands frequently or use alcohol-based hand sanitizer, cover your cough or sneeze, and maintain physical (social) distance. We will post updates as appropriate. Visit [www.manitoba.ca/covid19](http://www.manitoba.ca/covid19) for accurate information about COVID19 in Manitoba.

**The Rural Municipality of Kelsey, Reeve and Council want to encourage all public places within our municipality to put signs in their locations for staff and patrons to wear a mask when entering at all times. This practice will help reduce the risk of spreading Covid-19. Many locations are already doing this and we thank you for being proactive with your response to reducing the risk.**

**If you have any questions or concerns please contact Lori Forbes, Municipal Emergency Coordinator (MEC), at 204-623-0899**

Thank you,  
Lori Forbes,  
MEC  
Rural Municipality of Kelsey
