“Cranberry Portage Community Resource Center”

Monday to Thursday 8:00 am—4:00 pm

The Resource Center will be closed on Monday, May 20th for Victoria Day.

Community Topsoil: Watch for notices of a delivery date. 80 yards of topsoil is brought in by the Resource Center and is cost shared with Kelsey Watershed District. Donations for topsoil are welcome, and enable us to continue providing this service each year.

As always, please be conservative when you take the soil. It is there for the entire community to upgrade gardens and garden boxes so please, limit yourself to no more than a yard of soil.

Strawberry Plants—we are expecting delivery of everbearing strawberry plants early June. Watch for information on when they are available!

School with Morty is Tuesday, Wednesday & Thursday afternoons from 1—3 for children entering nursery school in September.

Playgroups— Tuesday and Thursday mornings from 10 –12

Book Buddies: We have a great selection of books for your children. Contact Jessica to arrange your book exchange. We also have registration forms for the Dolly Parton Imagination Library. This program, sponsored by Frontier School Division, mails a book each month for children from birth to age 5, at no cost to families.

Gardening: We will be arranging some gardening activities with families in the very near future. If you are interested, please contact us. Priority will be given to families with children aged 0—6 as per our funding arrangement with the Public Health Agency of Canada. We have garden bags and seeds available and will be getting some plants.

Bike Rodeo—Thursday, June 6th 1:00—3:30 Watch for more information

Best Beginnings Program Coordinator Deborah Bottcher will be at the Resource Center May 14, 21 & 28 Best Beginnings is a program for pre and post natal parents to support them before, during and after babies are born. If you would like to schedule an appointment with Deborah please call 204 623-1023

It's bike season—please ensure your children wear a helmet and are aware of bicycle safety

Head injuries

Less than 20 per cent of reported bicycle injuries involve collisions with cars. Most occur in falls, or as a result of riders losing control. A bad fall can result from a skid, catching a wheel in a crack or even getting a shoelace caught in the chain. In a spill, the forehead usually hits the ground first. Head injuries cause most bicycle-related deaths and can result in serious injury such as brain damage. Up to 88 per cent of serious head injuries could be prevented by wearing a helmet. It is critical for your child to wear a bike helmet that fits properly and is certified by CSA International. When choosing a helmet, your child should try on several helmets carefully. Level the helmet over your child's forehead and adjust the chin strap to fit snugly and comfortably. It should protect the forehead without slipping forward or backward; and it should not move unless the scalp moves. A trained salesperson will help you ensure the fit is right.

Insist your child always wears a helmet when riding. (It goes without saying that parents must set an example by always wearing theirs when cycling.) Remember, a helmet only works when you wear it!

Never forget that example is the best teacher.

- Get into the helmet habit.
- Always stop at stop signs. Practice what you teach.

The Resource Center has a variety of HELMETS available—for Sale or exchange

If your child has outgrown or damaged their helmet—bring in their old one and exchange for one that fits (no charge)

If you would like to purchase a helmet for your child—they are \$10

Tansi,

May is the month that we have the Frog Return Moon. This is the time of year for the animals to wake up after a long hibernation. The animal for this month is Beaver Amisk. Amisk teaches us to value hard work and to learn the rewards we reap in doing so. The color is Green, the color of grass and trees, Mother Earth presents to us as gifts!

Remember we don't have access to the gym this week so please make sure your child is dressed appropriately for outside gym activities or outdoor play. (Preferably not sandals).

Friday, May 17, 2023: There is **no school**, it is a professional development day.

Engaged Learners News

The Engaged Learners Program is working on a community gardening project and are taking names of individuals interested being on the “harvest donation List” where staff and students of the program will bring freshly harvested vegetables to your door.

There will be a limited supply so call or text Matt Lind @ 204-923-0506 if you’re interested.

Preference will be given to those who respond first, as well as individuals with a reduced ability to grow and harvest their own produce. Last year was our inaugural season for our community vegetable project and we hope to provide even more to the residents of Cranberry Portage this year.

Frontier Collegiate Grad 2024

May is shaping up to be a busy month for grads! Here are a couple of big events in our calendar:

Thursday May 16th is Prom. This is a wonderful opportunity for grads to celebrate their year with undergrads in a formal, catered dance. It promises to be a great party! The theme this year is Las Vegas.

Saturday May 25th is our food vendor fundraiser at the Artisan Market. This is our final fundraiser of the year. We will be hosting the food booth at the market and selling hamburgers and hotdogs. This is a great opportunity for community members to meet some of our grads and hear about their year and their plans. Please stop by, say hello, and support their efforts!

*If any parents of town graduates are available to help at this fundraiser, please contact me at the school. We welcome your assistance and involvement.

Coming up in June is our inaugural Grad Parade. The grads will walk in their suits and gowns around campus so that our school/dorm and Cranberry community members can see the group and celebrate them. This is a great opportunity to take some photos, meet the grads and support and congratulate them in an informal setting before the big day. Check the June newsletter for the date for this event!

Students are now in their final semester and nearing the end of their high school program. This is the final push to achieve credits, apply for post-secondary, scholarships, make connections for employment, etc.

Grad is Thursday June 20 at 10:00 am at the Frontier Collegiate gym. The public is welcome to attend and help us celebrate our students' achievements.

For more information about Grad, please contact me at the school (204) 472-3431 extension 7402 or email annemarie.rochford@fsdnet.ca

Know Before You Go!

Stop Zebra Mussels

We are proud that most of northern Manitoba waters are free of zebra mussels and other Aquatic Invasive Species (AIS)

We need to keep it this way!

To prevent the spread of zebra mussels and other AIS:

Clean – Drain – Dry before you travel.

Clean Means

- your watercraft and water-related equipment are free of AIS, vegetation, and mud.

Drain Means

- there should be **no residual water** in the watercraft, including the live well and engine.
- **remove all drain plugs** when transporting your watercraft, to comply with the Provincial AIS regulations.
- **lower the boat motor** to drain all water from the lower unit before transport.

Dry Means – All ropes, lifejackets and other gear are dry prior to going in another lake.

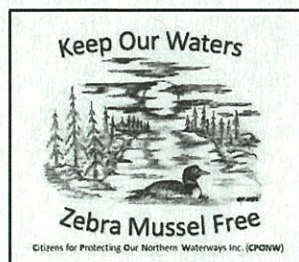

If your watercraft has been in an [AIS Control Zone](#) such as Lake Winnipeg, Lake Manitoba, Saskatchewan River, or the Nelson River, or other AIS Invaded waters (e.g. Footprint Lake) you must have your watercraft decontaminated prior to placing it in another waterbody. If you are uncertain if you have been in an invaded waterbody, it is recommended to decontaminate. This can be done at a government Watercraft Inspection Station.

Cleaning at a **car wash is Not** considered decontamination due to low water temperatures.

Schedule your trip – so you can visit Manitoba Government's **Watercraft Inspection Stations**.

They will inspect and, if necessary, decontaminate your watercraft - **It's Free!**

For more information, and to view the watercraft inspection station hours of operation, check out the [Manitoba AIS website](#).

CRANBERRY PORTAGE TOURISM WORKING GROUP (DISCOVER CRANBERRY PORTAGE!)

what's the Buzz?

A small group of volunteers are working away in the background, updating our community website, starting soon on updates to the Tourism Kiosk at the LUD office, submitting proposals for community enhancements to promote all that Cranberry Portage has to offer.

Cranberry Portage is home to a series of huge Artisan Markets throughout the summer featuring local artists and makers, a Trout Challenge Weekend in August, and Winterfest in February. Lakes for trophy fishing, swimming, kayaking and boating are literally on our doorstep. Hiking and ski/snowshoe trails are second to none. And opportunities for experiential tourism abound.

Watch for exciting things to come!
